EXPERIENCE

[LINUS Finance](#), Berlin — *Software Engineer*

Sep 2021 - Aug 2022

LINUS Finance is one of the leaders in Real Estate in Germany. I started work with the core of the team rebuilding the new UI, working on the new [registration](#), creating the template of the [product](#), and building different landing pages for the [marketing](#) team.

[Buildingminds](#), Berlin — *Frontend Developer*

Jan 2020 - Aug 2021

BuildingMinds believes in empowering the real estate industry with advanced digital solutions, building an application with Angular and Microsoft services. I worked on the implementation of many features moving around different teams, focusing on different [components](#) and the creation of the [appmanament](#).

[Yukkalab](#), Berlin — *Frontend Developer*

Jun 2017 - Nov 2019

Yukkalab is an application for desktop and mobile that uses different frameworks such as Angular, Firebase, Highchart, and D3 to build interesting visualizations like the [Network](#), [Chartmap](#), or [Signals](#). By analyzing and evaluating high-quality news you will gain an insight into the stock markets.

[Smava](#), Berlin — *Frontend Developer*

Feb 2016 - Nov 2016

Smava provides the best solution in Germany to find the right credit online with more than 50 bank accounts. My position as Frontend Developer was fundamental for the creation of the new [homepage](#). I worked on all the animation in jquery and for the mail campaign. I also have a letter of [recommendation](#) from my manager Martin Cichowski after I left the company.

[Tanglang](#), Viareggio — *Fullstack Developer*

Apr 2014 - Dec 2015

Tang Lang Viaggi provides the best travel on a bus to all European events, like [Oktoberfest](#), [Cosmoprof](#), [IAA](#), [Geneva](#), [Christmas](#), [Lloret De Mar](#), and others in all of Europe. My job as a Full Stack Developer was to build 6 websites for different events
